

**PEDESTAL } CEO®**

**We support security systems where they need it most.**

## Maximum gauge steel and outdoor powdercoating form the strength you need.

**PedestalCEO** is the largest, most economical pedestal manufacturer in the United States. With a distribution network reaching all 50 states and Puerto Rico, and with numerous models to choose from, we can supply the right pedestal to just about any customer, anywhere. Please contact us the next time you need a pedestal.

**Quality**  
Our pedestals set the standard for quality in the industry. We not only use the maximum gauge steel but pay close attention to each weld. All pedestals are protected with a highly resistant outdoor powdercoat to beat the rain and sun.

**Custom Pedestals**  
We have the capability to manufacture pedestals using custom colors and designs. If you need pedestals manufactured to your specific need then call us for a quote.

**Packaging**  
Each pedestal comes with the necessary carriage bolt hardware and is snugly packed inside a double-walled, heavy duty box to offer superb resilience from the bumps and bangs of shipping—guaranteed.

**Shipping**  
We have the best shipping costs in the country. Long distance doesn't mean we can't save you money. Orders typically ship within 48 hours. Give us a try.

**Customer Service**  
PedestalCEO's goal is to develop strong, loyal relationships—the best client relations in the industry. We actively respond to each request and ensure every customer is satisfied. This important distinction sets PedestalCEO apart from all other suppliers.
