

myQ Cellular Connectivity

With myQ Cellular Connectivity, using the myQ Commercial Gateway (MYQCOMM), to set up smart video intercoms in locations without reliable internet is now easier, faster, and more cost-effective.

-  Stream videos from intercoms for all-access events
-  Plug-and-play setup with no trenching, wiring, or third-party hardware required
-  Forget the hassle of configuring cellular plans and worrying about monthly data limits
-  Simplify payments with a single bill from myQ Community

**“I love that it’s all integrated.
I don’t need to worry about
going to multiple places to
get things working together”**

-San Diego Dealer with myQ Cellular Connectivity in a 177 unit building
